

Pharmacovigilance

Is related to the detection, assessment, understanding & prevention of any drug related adverse effects.

Understanding the topic is necessary even by the non-medical consumers in order to improve safety of the drugs.

As a part of celebration of the National Pharmacovigilance Week, we are going to organize a sensitization workshop and symposium on Pharmacovigilance at the ICMR-NICED. Experts on the subjects will share their experiences to open a whole new experience.

The program will be conducted over two days. For more detail you may email to: sandip.mukh@icmr.gov.in

Target participants:

The sessions are targeted enroll the ICMR Scientists, other medical professionals working on ICMR, non-ICMR doctors, dentists, nurses

 **National Pharmacovigilance Week**
17th - 23rd September, 2021

Indian Pharmacopoeia
Commission

Sensitization program on Pharmacovigilance

Venue: Seminar Room, NICED 2
21st September, 2021 (2.00 pm- 4.30 pm)
22nd September, 2021 (11.00 am-12.45 pm)

Presented by the
Training & Extension Division
ICMR-National Institute of
Cholera & Enteric Diseases
Beliaghata, Kolkata- 700 010

Invitation:

"Adverse Drug reactions are a major cause of morbidity and mortality globally. Pharmacovigilance is an important step to improve the safety of the drugs. India has taken some significant steps in the form of 'Pharmacovigilance Program of India'. In view of the **National Pharmacovigilance Week (17-23 September, 2021)**, the ICMR-NICED is going to organize a bouquet of academic programs to sensitize the stakeholders about the importance of Pharmacovigilance.

You are invited to join us on 21 and 22nd September, 2021 in this endeavor"

Dr. Shanta Dutta

Director & Scientist G
ICMR-National Institute of Cholera & Enteric Diseases, Kolkata

Sensitization Workshop on Pharmacovigilance Program Schedule:

Day 1 (21. 09.2021)

2.05- 2.20 pm Forewords

Dr. Shanta Dutta, Director & Scientist G, ICMR-NICED

2.25 - 3.30 pm Mini Symposium

Adverse Drug Reactions & Pharmacovigilance

Dr Ananya Mondal, Pharmacovigilance Coordinator & Associate Professor, Pharmacology, NRS Medical College

Pharmacovigilance Program of India

Dr. Sandip Mukhopadhyay, Scientist E, ICMR-NICED

3.30- 3.45 pm Tea Break

3.45- 4.30 pm Panel Discussion

Pharmacovigilance: what does it mean to the consumers

Panelists:

Prof. Santanu Munshi, HOD, Clinical Pharmacology, School of Tropical Medicine, Kolkata

Dr. Ananya Mondal, Pharmacovigilance Coordinator & Associate Professor, Pharmacology, NRS Medical College, Kolkata

Day 2 (22.09.2021)

11.00- 12.00 pm Guest lecture:

An overview of Adverse Events to COVID 19 vaccination and the reporting status in global drug safety database

Prof. Suparna Chatterjee, Eastern Regional Coordinator of Pharmacovigilance & Professor, Pharmacology, IPGMER, Kolkata

12.00- 12.35 pm **Workshop:** Do it yourself: hand on reporting & mobile app

Dr. Sandip Mukhopadhyay, Dr. Ananya Mondal

12.35- 12.45 pm Vote of Thanks

Dr. Sandip Mukhopadhyay, Scientist E, ICMR-NICED

Key Faculties

Prof. Dr. Suparna Chatterjee MD (Pharmacology)

Regional Coordinator (East Zone), Pharmacovigilance & Professor, Department of Pharmacology, IPGMER, Kolkata

Prof. Dr. Santanu Munshi, MD, DM (Clinical Pharmacology)

Professor & Head, Department of Experimental & Clinical Pharmacology, School of Tropical Medicine, Kolkata

Dr. Ananya Mondal MD (Pharmacology)

Coordinator of Pharmacovigilance & Associate Professor, Pharmacology, NRS Medical College, Kolkata

Dr. Sandip Mukhopadhyay MD (Pharmacology), NFPM

Scientist E, ICMR- National Institute of Cholera & Enteric Diseases, Kolkata
(Formerly, Coordinator of Pharmacovigilance, Burdwan Medical College, Burdwan)
